# product brands

Our most important brands

## Adara

Our brand ADARA combines three concepts as important as **design**, **ergonomy** and **functionality**, to obtain furnitures that can make easy the regular life.

Inside this brand, the **elegance** and the **sobriety** are well-mixed in the direction offices.

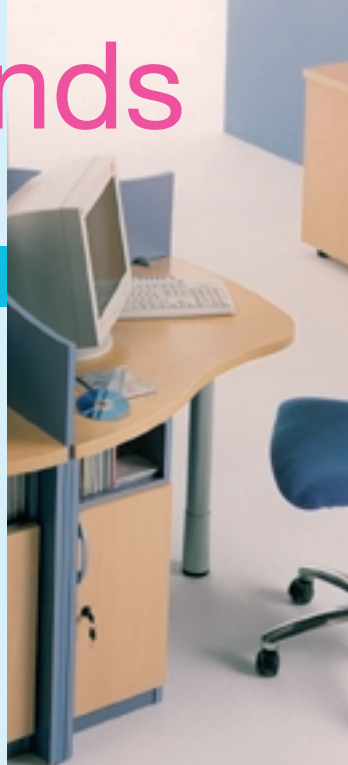

Another feature of the ADARA line is based in the great **variety of forms**, getting compositions that can be adapted to any workplace.

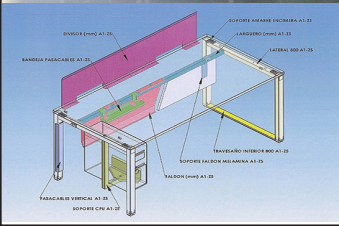

## Nerea New

The NEREA brand is a coherent solution that provides several **functional alternatives** that facilitate maneuverability and the required access to the elements for working.

The furnitures of this brand remain a special **style** that is integrated in any workplace, generating an optimal clima and aesthetic development work.

The **metallic elements** utilization which the different shapes and colors of the furniture make this brand an ideal choice.

It combines the great **operativity** with a good number of **accessories** to satisfy the operative spaces like the meeting rooms.

# desing

The ideas of our customers are a inspiration source in the development of our new designs.

The new products building that satisfy the needs of the most vanguardists like a constan challenge to achieve.

It is perfectly possible that the customer sends us a plane with any request, studying the viability of the project.

# technology

It has to be said that Solytec has chosen the highest technology in order to achieve a best quality product with a great price.

We think that it is necessary working with better and better equipments, using the new technologies for producing better products:

- Point-to-point cutting machines.
- Computerized edger.
- Computerized driller.
- New building with 5000 m<sup>2</sup>.

# market

The market requirements grow in an accelerated way: new competences and new challenges appear for the company with a daily basis. Just in time deliveries, stock reduction, customizations, different and changing furnitures and quality first.

As a response to this, the company philosophy is: who looks ahead, in the great challenges can find the greatest opportunities; ***who looks ahead, ask more to give more.***

# quality

Currently, Solytec invest in quality, our **Quality Management System** meets the quality standards ISO 9001.2008

This recognition gives an actual impulse to our commitment with quality, resulting in benefit of our products and in service to our costumers who are our priority.
